DUTY**

GTS100-254

A CLEANER WORKSPACE

Two dust ports with Click & Clean system reduce dust exposure

UNMATCHED ACCURACY

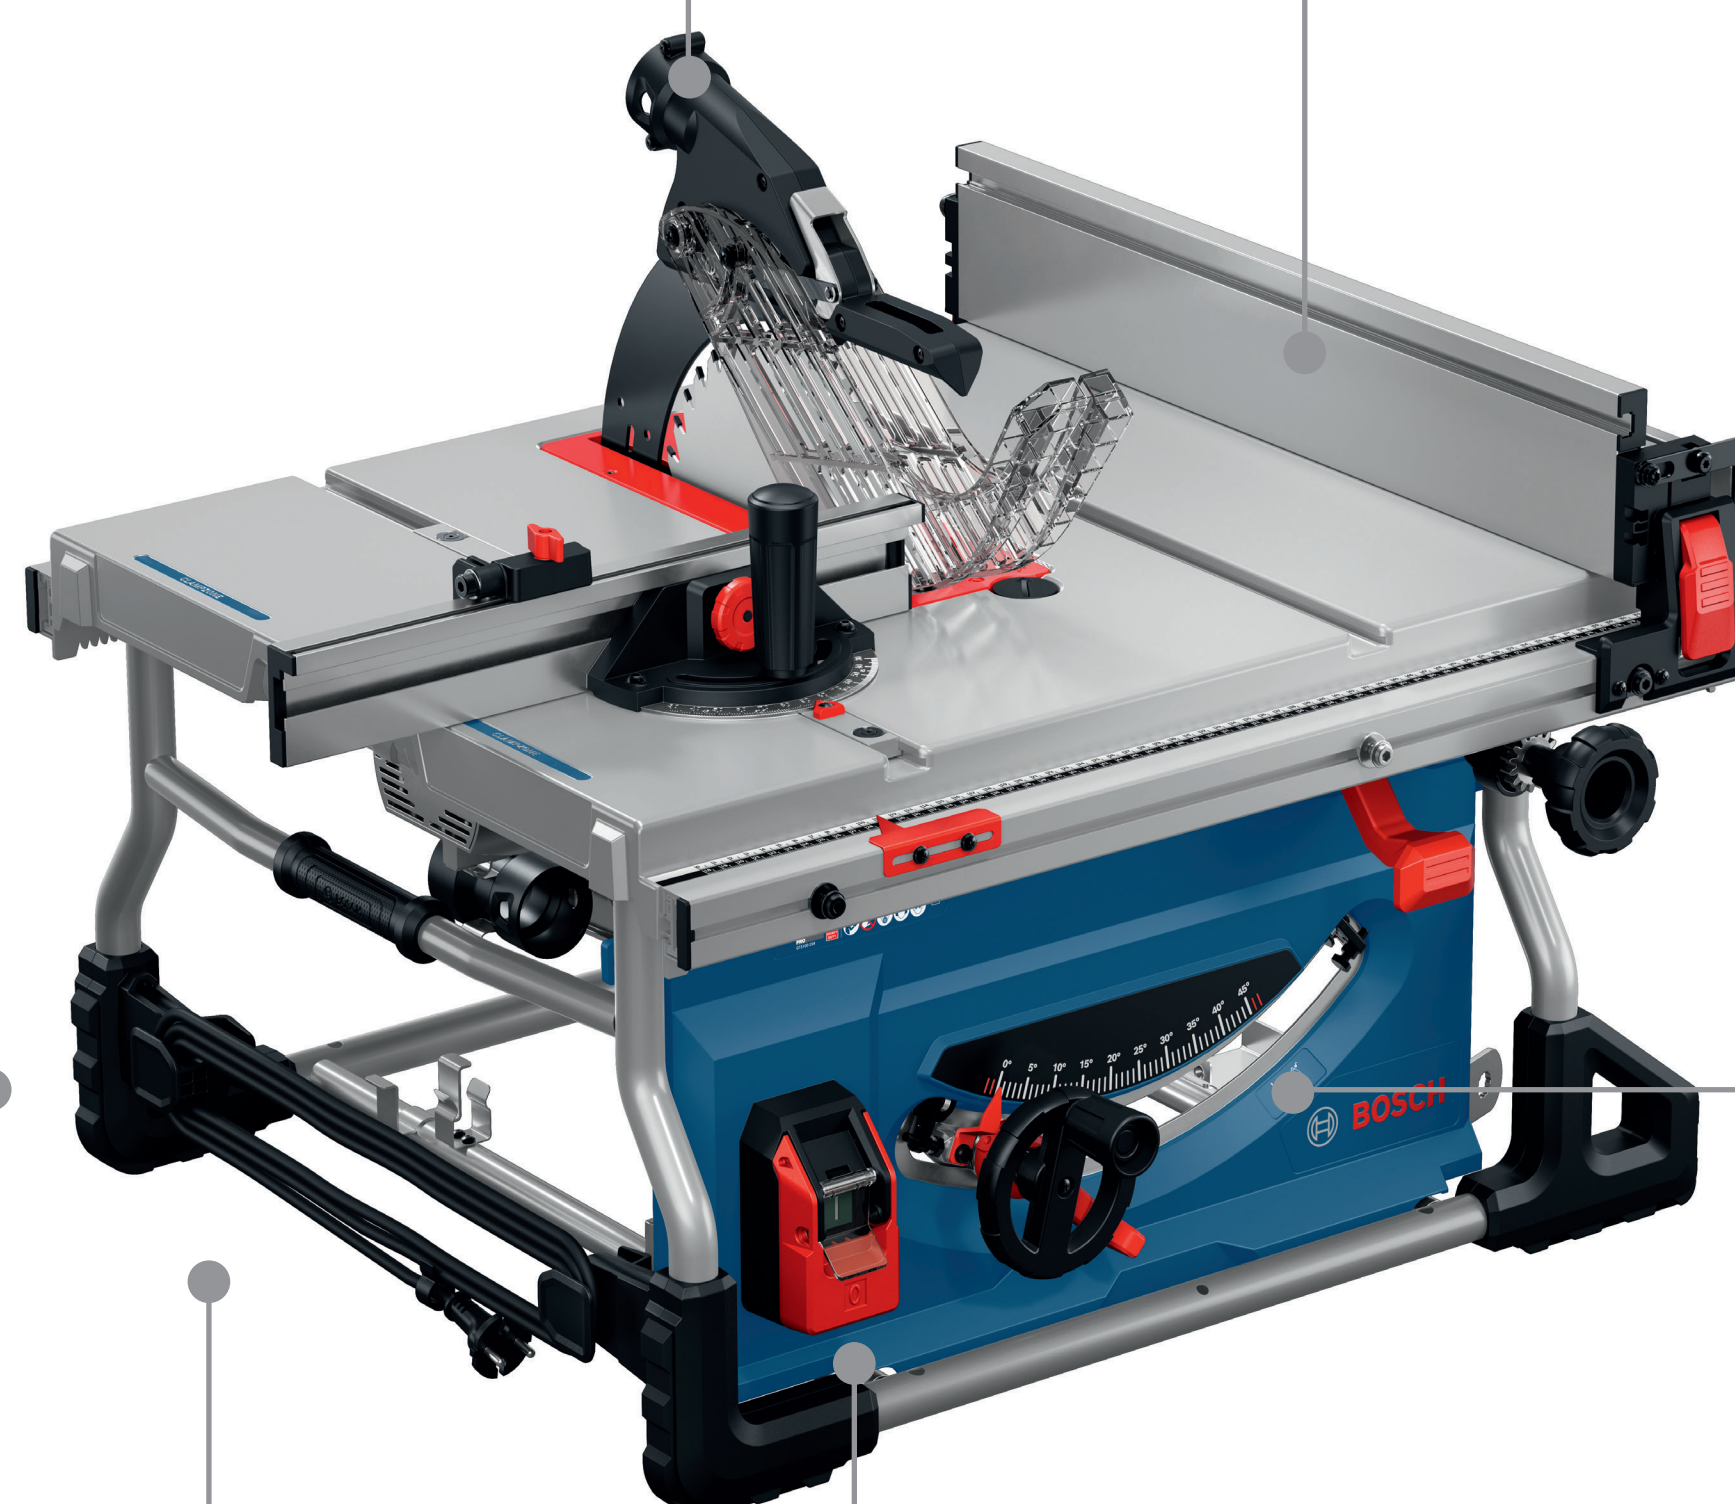

Rip cuts up to 825 mm with rack-and-pinion fence and precise miter gauge

NO NEED TO FLIP OVER WORKPIECES

Best-in-class 100 mm cutting height removes this hassle

TOOLLESS BEVEL UNDERCUTS

Effortless bevel undercuts from 0° to -2° and 45° to 47° with automatic reset

HEAVY-DUTY PERFORMANCE

Provided by the power of the 2,200 W motor

SOFT START TECHNOLOGY WITH FAST BRAKE SYSTEM

Reduces strain on the motor and ensures controlled operation
